PREFACE

THIS part of the *Catalog of Copyright Entries* contains an alphabetical list of periodicals and newspapers, issues of which were registered in the Copyright Office from January 1, 1949, through June 30, 1949. Renewal registrations in this class made in this period are listed in Part 14A of the *Catalog*.

Arrangement and Entry.—The periodicals included in this list are entered under title. Cross references from variant forms of titles are included, and, when necessary, from the specific titles of individual issues of a periodical. Changes in title are recorded by the phrases "Continuing ....." and "Continued as ....," which appear in parentheses immediately following the title. If two or more titles, connected by a phrase such as "combined with" or "incorporating," are given for a periodical they are written with a dash, i. e., Flying models—Flying aces and air world. For all periodicals other than daily newspapers the complete entry contains title, name of claimant, year of publication, and, for each issue registered, volume number, issue number and issue date, and publication date and registration number. For daily newspapers the entry lists only the first and last issues in a sequence.

The "New Titles" section, which follows the main section, is a list of the titles of those periodicals of which issues in the first year of their publication were registered in the Copyright Office during the period covered by this Catalog.

Copyright Data.—The portion of the entry giving the facts of copyright registration begins with the copyright symbol © and consists of the name of the copyright claimant, volume and year, issue number, and date. A second copyright symbol precedes the date of publication and the registration number for each issue.

Deposit of Copies.—In the case of every copyright entry listed in this part of the Catalog, the deposit of copies (or copy) as required by Title 17, U. S. C., section 13 or 215 has been made. Foreign works for which two copies have been deposited under section 215 are distinguished by a registration number of which the first digit is a zero.

Authority.—The *Catalog of Copyright Entries* is published by authority of Title 17, U. S. C., sections 210 and 211. Section 210 provides that the *Catalog* "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

Organization of the Catalog.—This issue of the *Catalog* is part of Volume 3 of the Third Series. The parts are numbered according to the alphabetical sequence of classes as listed in Title 17, U. S. C., sec. 5. Letters are added to the part numbers to indicate subdivisions.

The classes of material principally contained in each part are listed, together with their respective symbols, under the title of the part in the Table of Organization. In each case, the first letter of the symbol is that of the class under which registration is made; the second, if any, is a designation added by the Copyright Office for purposes of statistical analysis of registrations. The symbol R does not represent a class designated by the Copyright Act, but has been adopted by the Copyright Office to distinguish renewal copyright registrations. Each part may also contain registrations made under other symbols if the subject matter or type of material of these registrations is similar to that generally included in the part.

Orders.—The Office calls attention to the fact that orders for all parts of the *Catalog* should henceforward be sent directly to the *Register of Copyrights, Library of Congress, Washington 25, D. C.* Orders may be placed as follows: (1) as subscriptions to continue until further notice, or (2) as orders for individual issues. All orders should state clearly the title and inclusive dates of the issues wanted. For the convenience of subscribers, payment may be made either in advance (accompanying the order) or upon receipt of an invoice from the Copyright Office. *Checks or money orders should be made payable to the Register of Copyrights.*

The price of each individual number of the *Catalog* is given in the Table of Organization. The annual subscription rate for each part is twice the price of a single number, since all parts are issued semiannually. The

complete *Catalog of Copyright Entries* for one year may be secured on a subscription basis for $20.

Inquiries.—The Copyright Office welcomes inquiries, suggestions, and comments on the content and organization of the *Catalog*. Please address communications of this nature to the *Chief of the Cataloging Division, Copyright Office, Library of Congress, Washington 25, D. C.*

Renewal registrations in this class made in this period are listed in Part 14A of the *Catalog*.

Arrangement and Entry.—The periodicals included in this list are entered under title. Cross references from variant forms of titles are included, and, when necessary, from the specific titles of individual issues of a periodical. Changes in title are recorded by the phrases "Continuing . . . . . " and "Continued as . . . . . ," which appear in parentheses immediately following the title. If two or more titles, connected by a phrase such as "combined with" or "incorporating," are given for a periodical they are written with a dash, i. e., Flying models—Flying aces and air world. For all periodicals other than daily newspapers the complete entry contains title, name of claimant, year of publication, and, for each issue registered, volume number, issue number and issue date, and publication date and registration number. For daily newspapers the entry lists only the first and last issues in a sequence.

The "New Titles" section, which follows the main section, is a list of the titles of those periodicals of which issues in the first year of their publication were registered in the Copyright Office during the period covered by this Catalog.

Copyright Data.—The portion of the entry giving the facts of copyright registration begins with the copyright symbol © and consists of the name of the copyright claimant, volume and year, issue number, and date. A second copyright symbol precedes the date of publication and the registration number for each issue.

Deposit of Copies.—In the case of every copyright entry listed in this part of the Catalog, the deposit of copies (or copy) as required by Title 17, U. S. C., section 13 or 215 has been made. Foreign works for which two copies have been deposited under section 215 are distinguished by a registration number of which the first digit is a zero.

Authority.—The *Catalog of Copyright Entries* is published by authority of Title 17, U. S. C., sections 210 and 211. Section 210 provides that the *Catalog* "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

Organization of the Catalog.—This issue of the *Catalog* is part of Volume 3 of the Third Series. The parts are numbered according to the alphabetical sequence of classes as listed in Title 17, U. S. C., sec. 5. Letters are added to the part numbers to indicate subdivisions.

The classes of material principally contained in each part are listed, together with their respective symbols, under the title of the part in the Table of Organization. In each case, the first letter of the symbol is that of the class under which registration is made; the second, if any, is a designation added by the Copyright Office for purposes of statistical analysis of registrations. The symbol R does not represent a class designated by the Copyright Act, but has been adopted by the Copyright Office to distinguish renewal copyright registrations. Each part may also contain registrations made under other symbols if the subject matter or type of material of these registrations is similar to that generally included in the part.

Orders.—The Office calls attention to the fact that orders for all parts of the *Catalog* should henceforward be sent directly to the *Register of Copyrights, Library of Congress, Washington 25, D. C.* Orders may be placed as follows: (1) as subscriptions to continue until further notice, or (2) as orders for individual issues. All orders should state clearly the title and inclusive dates of the issues wanted. For the convenience of subscribers, payment may be made either in advance (accompanying the order) or upon receipt of an invoice from the Copyright Office. *Checks or money orders should be made payable to the Register of Copyrights.*

The price of each individual number of the *Catalog* is given in the Table of Organization. The annual subscription rate for each part is twice the price of a single number, since all parts are issued semiannually. The

complete *Catalog of Copyright Entries* for one year may be secured on a subscription basis for $20.

Inquiries.—The Copyright Office welcomes inquiries, suggestions, and comments on the content and organization of the *Catalog*. Please address communications of this nature to the *Chief of the Cataloging Division, Copyright Office, Library of Congress, Washington 25, D. C.*
